

Sanctuary of
Hope

→ We are a community that seeks to provide a caring and nurturing home to single expectant mothers ages 12-22 and their children.

AN OPPORTUNITY FOR A LIFE-CHANGING EXPERIENCE

Sanctuary of Hope individually designs a positive course for young mothers and their unborn children, giving them the opportunity to fulfill God's divine plan for their lives!

**PROVIDING
LIFE-GIVING
ANSWERS**

The Sanctuary of Hope is here to save two lives—the life of the mother and the life of the child. We exist to meet the needs and help achieve the dreams of courageous young women who have chosen life for their unborn child and for young children that have no one to care for them.

All our residents have a unique story. However, what is important is the new story they are writing at the Sanctuary of Hope. It is hard to imagine the fear and overwhelming anxiety these young women face when they realize they are expecting.

Each of our residents knows that they are loved and that they have exceptional resources available to them which will equip them and their children to have a successful future. Most importantly, they are being taught that nothing is impossible to them.
